

# Fluency Spinners

## Short Vowel Edition

By Miss DeCarbo

Dear Teachers,

This interactive reading pack is perfect for beginning and growing readers! Each passage focuses on a word family with a short, decodable passage for your students to enjoy. Children will spin the spinner using a paperclip and a pencil and complete the task they land on! For each passage, students will practice essential fluency skills. Students will reread the passage, reread words within focus word family, and identify and reread specific words within the passage.

Using the spinner is FUN! Students will continue to spin until all three tasks have been completed. You could even have students continue to spin by having them reread and color the words over with a new color to create a rainbow effect! I hope your students enjoy this fun and engaging activity that combines fluency and word work!
