Dear Teachers,

I hope you enjoy this handwriting practice pack for beginning readers! This pack is perfect for first graders or advanced kindergartners. Your students will practice handwriting skills as well as decoding skills as they trace, read, and draw! Each letter of the alphabet contains two pages. The first page helps to develop handwriting formation, offers an area for students to draw and identify words that begin with the page's focus letter, and contains three words to trace, decode, and draw. The second page contains two sentences that students read, trace, and illustrate. The sentences are packed with easy sight words and color words. The difficult words contain picture cues — perfect for beginning or struggling readers! Use only the first pages at the beginning of the year, or copy both pages double sided.

This pack is perfect for first grade morning work, writing practice, independent work, or used in a whole group setting. There are two options for cover pages if you wish to create a handwriting booklet for each child. One page contains pictures and letters for students to trace and color. The second option contains an open space if you wish to have your students decorate their own handwriting packets.

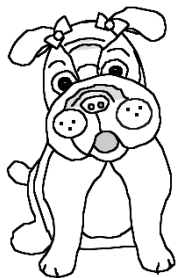

I hope you enjoy this fun twist on a handwriting packet that encourages sight word reading and decoding practice as well! ☺

Happy Learning.
Christina
