

# SIGHT WORD FLUENCY PRACTICE #2

(Fry Words 101-200)

BY MISS DECARBO

# TEACHER INSTRUCTIONS

Dear Educator,

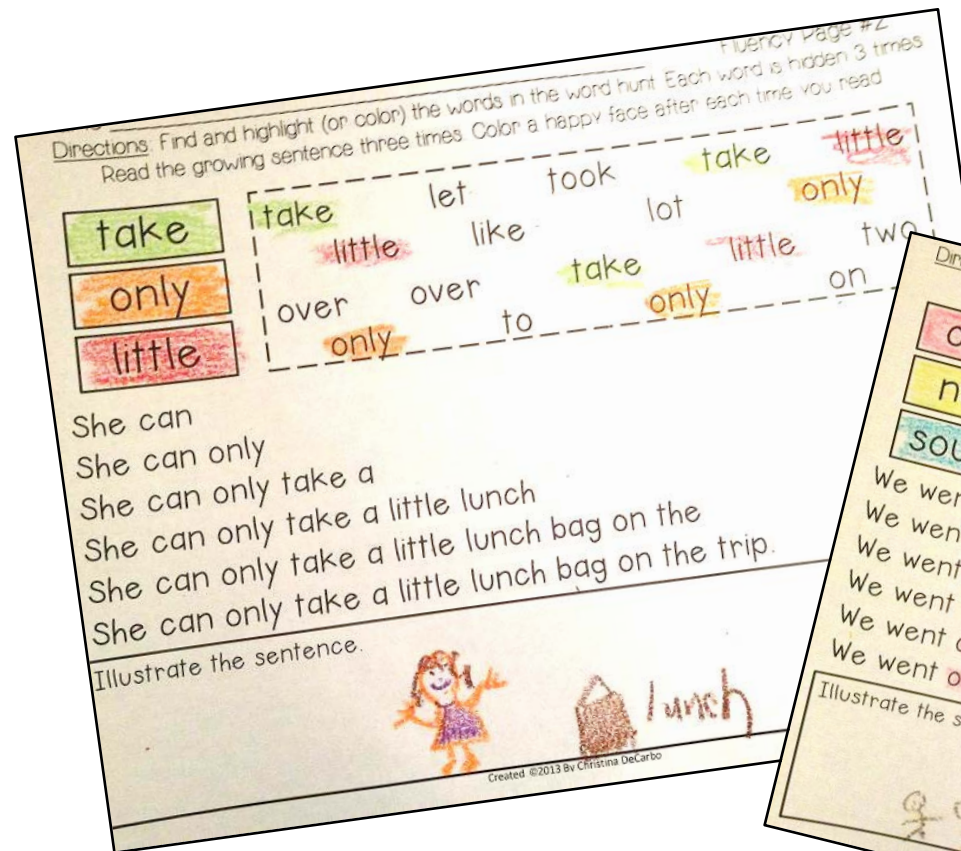

This sight word fluency pack was designed to provide you with yet another way to develop your students' sight word fluency. Each of the 34 growing sentences targets three of Fry's sight words and puts those sight words into the context of a sentence. You can use this pack as a "warm-up" to your guided reading lessons, as an RTI intervention tool, as homework, seatwork, or as center work for your kiddos!

Using this fluency pack is easy!

- 1) Students will first learn the targeted sight words with the flashcards.
- 2) Students will practice identifying those sight words as they color or highlight the three targeted words within the word hunt box. You can also have students color or highlight the words within the sentence if you wish.
- 3) Students will read the growing sentence three times. This provides students with the opportunity to practice the targeted sight words within the context of a sentence to develop rate, expression, and smoothness.
- 4) Students will illustrate the completed sentence to demonstrate comprehension of the text.

Use the pre and post assessment page to keep track of your students' growth. An easy teacher-tracker is also included to help you plan your lessons or daily instruction for each reading group with ease! I hope you enjoy this learning pack and find it useful for your students! - Christina DeCarbo 😊

Students love finding the targeted sight words with crayons and highlighters!

The short length of text makes this pack ideal for the first half of the year, struggling readers, and Tier III students.
